PHP Developer Intern (m/f/d)

Vienna – Full time/as soon as possible

Ready to work with modern backend- & web-technologies?

E2 is a privately-owned, international agency focusing on sports and sports betting offering an international marketing portfolio, a strong technological stack and innovative social gaming products that enable a focused approach on sports-loving target groups.

Our business areas also incorporate media management, marketing consulting and the technical realization of data-driven products that integrate into our state-of-the-art tech ecosystem enabling user-centered and context-sensitive advertising.

Our mission is to be a one-stop shop for the sports betting industry.

Your role in our team

- Develop our in-house applications
- Setup and maintain existing WordPress sites
- Develop WordPress Plug-ins
- Integration of sports betting data

Your skills & experience

- First hands-on experiences in the development of PHP applications throughout projects or internships
- Basic knowledge of PHP 7 and object-oriented programming
- Familiarity with MySQL and/or DevOps preferable
- Excellent English skills

You'll like this

You're about to graduate from your studies and are preparing yourself for the vocational world?
If so, we're a match!
´Cos we offer our enthusiastic and motivated interns a long term occupation after the successful completion of their internship.

We are an international, young and dynamic team consisting of more than 17 nationalities, dealing with clients and partners from the four corners of the world.

With us you'll have the chance to develop your individual value.
We welcome the integration of new ideas and approaches and provide several benefits such as flexible working hours and free coffee and soft drinks – not to mention: our legendary team-events!
